- ✓ Williston Fire & Safety - Fire Extinguisher Training/Demo

May 10th 7:30am

- ✓ Safety Week Closing - Tool Box Talk
- ✓ Heavy Equipment Awareness Training throughout the day

ISN Spring Cleaning

Spring Cleaning (aka Dumpster Day) for ISN will take place **May 1-3**. A dumpster will be located outside the DGS bag make-up area near the small yellow building. This dumpster is for tenants to discard unwanted equipment & furnishings in preparation for the move to XWA. Start identifying items now for disposal next week.

Items to dispose of include; general trash, furniture, chairs, and excess materials. Prohibited items include scrap metal, hazardous materials, and grease or oils. Based on needs additional dumpster day events will take place closer to the move. We are also planning separate events for scrap metal recycling, waste oil products, and document shredding.
